**There is nothing like the smell of fresh air....**

Please imagine what it would be like if every invoice in the world was sent by e-mail.

A 7.5 tonne high pressure water jetter specialist vehicles for drain cleaning and unblocking. As seen on roads near you.

Imagine if every payment was carried out on-line instead of a cheque in an envelope.

How much pollution, paper and postman's time would be saved.

Millions of envelopes and stamps, thousands of gallons of diesel, tyres, less road repairs needed, and less pollution from exhaust pipes.

We at Mayglothing Waste Ltd have been thinking about this and have devised an alternative for our environmentally aware customers.

Mayglothing Waste Ltd can now e-mail your invoice directly to your computer.

Customers can visit our web site at [www.mayglothingwaste.co.uk](http://www.mayglothingwaste.co.uk) and click on our payments page to pay their invoice using a debit or credit card.

This service is hosted by Barclays and is a secure web site.

Our records are then updated ensuring that we know who has paid how much and when.

Please try this new service and remember that should you wish to you can also place your next order on our web site.

**Please fill in this page and send it back or e-mail us**

To use this new service please log on to pay the enclosed invoice.

If you would like us to e-mail your next invoice please either fill in the form on our web site or kindly complete your details below.
